

TEACHING TEENAGERS HOW TO MOTIVATE AND INTEREST THEM

DEFINITION OF TEENAGE LEARNER

- According to G. Lewis most experts further divide this age range into three distinct subgroups:
 - young teenagers, aged 12-14
 - middle teenagers, aged 14-17
 - late teenagers, aged 17-19

Characteristic of the teenager learner

- They are very idealistic and emotions seem to dominate their character.
- Learners will respond to a teacher that cares, especially teenage learners who carry a romantic spirit and crave authenticity
- They love to talk about themselves what they think, what they don't like are quite emotional
